

VON PRESENTIN DESCENDANTS IN THE USA TODAY

At least four generations of von Presentin descendants have been born in the United States since Bernhard Friedrich von Presentin's son, Karl Julius, arrived in Wisconsin in the summer of 1868.

Today the offspring of Karl Julius and his four brothers reside throughout the United States in: California, Connecticut, Florida, Indiana, Massachusetts, Montana, Oregon, Texas, Virginia, and Washington.

I extracted this information from the current mailing list for the family's annual English-language newsletter. This includes only adult descendants. No doubt there are other descendants not on this mailing list.

Listed below, under each of the five sons of Bernhard Friedrich von Presentin are the surnames and current place of residence of the known von Presentin descendants in the United States.
